

WHERE TO MEET WOMEN

Many men have a limiting belief that the ONLY spaces and places to meet amazing, quality, BEAUTIFUL women is at a bar or club. They could not be more wrong.

First of all, women are everywhere! All around you at all times. You just need to get out of the house, lift up your head and see opportunity.

The Wing Girl and I (Marni) have put together a list of places and spaces to meet women no matter what age you are, your values, your interests. This list is a good starting point for getting ideas of where to meet women.

Enjoy!!
